

**Q1: What and where is NewPointe@Home?**

**A:** *NewPointe@Home is for everyone, everywhere. It is gathering together at your home, with other people, in person, to watch NewPointe's weekly service. It is held at your home or another available space near you on a consistent day and time, and maybe around some snacks. It is where you connect with God, connect with others, and connect others to God through an engaging experience and have conversations like, "Now what?" and asking what was the biggest take-away and how can I implement that this week or give that encouragement to someone else.*

**Q2: Why are we doing NewPointe@Home?**

**A:** *We want to help people have real, genuine relationships with God and others. NewPointe@Home is a great opportunity to invest in and invite family, friends, neighbors, and co-workers to a less threatening place to learn that Jesus makes life better and He makes us better at life. By leveraging technology, NewPointe@Home makes church available for anyone, anywhere, and emphasizes the importance and power of face-to-face connections.*
