TALK IT OVER

How is Mark 12:30 the goal of 10X living? Everything in life is spiritual – including your health. Discuss. The holiest place on earth is your body. Agree or disagree? Explain. How is physical wellness worship? In which of the three areas are you most consistent in honoring God: sleep, diet, or exercise? Is it a new thought to honor God with your sleep? What would that look like for you? How can you illustrate the statement, “Our appetites are larger than worldly things can quench?” We are asking food and drink to do for us what the Holy Spirit wants to do. Do you find this convicting? Discuss. How does physical exercise contribute to your mental health? It is easier to try than train – discipline is training to learn self-control. Where do you personally see the presence or lack of self-control in an area we have discussed? What do you think God is saying to you? We become disciplined by God and others. Who can you invite to help you toward discipline and self-control?
